

Rates for academic users

Microfabrication

	Without operator *	With operator *
DRIE-ICP, FIB	50\$/h	90\$/h
Photolithography, sputtering, e-beam	30\$/h	70\$/h
RIE, MEB	30\$/h	70\$/h
Other equipment	15\$/h	55\$/h

The maximum fee for an academic user without operator is 600\$/month (800\$ if the FIB or DRIE-ICP is used).

Materials analysis

	Without operator *	With operator *
XPS	35\$/h	75\$/h
TOF-SIMS	50\$/h	90\$/h
FTIR, Raman, AFM	20\$/h	45\$/h
Contact angles	15\$/h	55\$/h
Ion implantation	100\$/day	150\$/day
ERD	N/A	300\$/sample
RBS	N/A	50\$/sample
Ellipsometer	35\$/h	70\$/h
Spectrophotometer	30\$/h	65\$/h
Microscratch (MST)	30\$/h	65\$/h
Triboindenter	N/A	70\$/h

* Excluding the university indirect costs of 15%.

Notes

1. The operators are available from 8h to 17h from Monday to Friday.
2. Autonomous access to instruments is conditional to extensive training and authorization from the GCM personnel. Training session is billed at 50% off the regular fees.
3. All material and furniture are in supplement.
4. A gowning fee of 20\$/week is applied for clean room usage.

5. Reduced rates are available for equipment use during night or weekends.
6. For projects requiring an intensive use of some equipment, reduced rates can be negotiated, in particular for projects that will allow the development of new techniques.
